

Journal of
Applied Research on Industrial Engineering

Editorial Note

Welcome to the second issue of the International Journal of Applied Research on Industrial Engineering (IJARIE). IJARIE covers researches and developments in the field of applied sciences and technologies as it relates to Industrial Engineering, Computer Science, Applied Mathematics, Operations Research, Production and Manufacturing Engineering, Statistics, Economics and other related Applied Sciences and Engineering fields.

The aim of this journal is to provide the most complete and reliable source of information on current developments in the field. The emphasis will be on publishing quality articles rapidly and making them freely available to researchers worldwide. The journal will be essential reading for scientists and researchers who wish to keep abreast of the latest developments in the field.

The members of the editorial team strongly encourage fresh perspectives, alternative standpoints and options for the problems and issues. The vast scope of the journal offers enormous opportunity to scholars of various fields.

Sincerely yours
Esmaeil Najafi
Chairman
